BRÄNNINGE CUP
ARABHÄSTUTSTÄLLNING

BRÄNNINGE
ARABSTUTERI

Welcome to Bränninge Arabian Stud and our Fölkaffe and Open House 2024!

We started what would be Bränninge Arabian Stud in 2011 and we moved to Bränninge farm in June 2013. Since then we have built up our structure to live our passion at this wonderful farm surrounded by our Arabian horses. During the last 11 years we have carefully selected mares and stallions to our breeding farm and we are very happy to celebrate and share Bränninge Arabian Stud with you today.

We wish you a wonderful day!

Sarah, Niclas and David

David, Sarah and Niclas at Janów Podlaski in August 2023.

”It was the morning after the Pride of Poland auction when we bought Ferrum and we were walking to the iconic Clock barn ”Zegarowa” to take some photos with Ferrum, still in awe that we actually bought this amazing stallion.

The story of that epic Auction day is a story to be told, so stay tuned...”

Bränninge Gård

Bränninge farm has roots back to the 14th century and in the middle of the 17th century Bränninge mill was built here. Today, some of the mill's buildings and the farm's main building, originally from the 1780s, and outbuildings from the 1910s remain. The northern part of Bränninge's property was divided in 1905 and became the Pershagen villa community. On the farm's land is the Öbacken-Bränninge nature reserve, which was established in 1992.

An ancient burial ground called "Kungsbacken" north of the farm testifies that the place was inhabited at least since the Bronze Age. Bränninge was one of the largest and oldest villages in Tveta parish. The name means "Svedjeland" and is mentioned in writing for the first time in 1364 where there is talk of an Ingemund in Bränninge.

What made the village great was the proximity to the Baltic Sea and access to hydropower from Bränningeån and the important route to Södertälje and Stockholm (old Riksettan, today's Nyköpingsvägen). At Bränningeviken was established

a foundry in the mid-17th century and in the 1680s a bar iron hammer. Iron ore from Utö's and Skottvång's mines was refined here. Before the legal shift, Bränninge included eight farms, a water mill with a saw, roadside tavern and a school, as well as the mill.

With its manufacturing forge, Bränninge bruk became the parish's largest industry. The mill produced, among other things, forged nails that were used for the construction of the old Södertälje town hall. Around the turn of the century 1900, cigarettes were also produced, the tobacco was stored in the still-preserved magazine and the cigarettes were rolled in the old Statar building. At most, the mill employed about twenty people. Industrial operations were shut down at the beginning of the 20th century.

Gunilla Bergenstråhle is an integral part of Bränninge Arabian Stud as she is the co-owner of BR Wirus (Wares x Wilga/Ekstern) and BR Salvation (Wiron x Salza/ Khidar) two horses with significantly important bloodlines.

The first horse Gunilla bought from Bränninge was the chestnut moving machine BR NAJAAD ("Salvation") born in 2015 sired by our beloved stallion Tchaata Matisse.

Gunilla set eyes on him as a foal and purchased him just before his second birthday and the rest is history...

The Szweykowska-family at Bränninge

A true honor and blessing was when the ethereal beautiful Wilga (Ekstern x Wenessa/Egon) came to spend her last years with us. Wilga was born in Ekstern´s first foal crop and she was his first offspring to gain success in the showing when she was the Bialka Spring Show Junior Reserve Champion Mare. She raced as a 3-year old with 7 starts in 2002 (0-1-0) before she was bred to Gazal Al Shaqab producing the daughter Wilda in 2004. Wilda is a Polish National Reserve Champion Mare and the dam of the great daughters Wildona (by Shanghai E.A.) and Wildanova (by WH Justice), both extremely successful in the show ring

Warmia (Comet x Wadera/Doktryner) with Jerzy Bialobok, Izabella Pawelec-Zawadzka and Urszula Bialobok.

		Wizja 1973 Michalów

Wilga (Ekstern x Wenessa)

and Wildona was sold at the Pride of Poland in 2023 to Hanaya Arabians, Switzerland.

Wilga produced two foals at Bränninge - the 2020 chestnut colt BR Wirus (by Wares) and the bay 2021 filly BR Wilja (by Jaipur El Perseus), both retained in Bränninges breeding program. It was a huge loss in 2022 when Bränninge lost Wilga and it was like destiny when her look-alike daughter Waranga (by QR Marc) was offered for sale at the upcoming Pride of Poland-auction.

Niclas went down to Janów Podlaski with the mission to bring Waranga home and he did! Waranga arrived to Bränninge not long after the auction and faith would have it that her full-sister Wiktoria would join her when Bränninge got the opportunity to purchase her and the Ekstern-daughter Gwandolyn from breeder DB Arabians in Belgium.

Bränninge has also added the bay stallion Willian (Kanz Al Bidayer x Wilga) from DB Arabians to their breeding program, a big powerful stallion who despite his young age already has proven himself both in the showing as under saddle.

The dam-family of Szweykowska is very dear to Sarah and an important pillar of Bränninge´s breeding program. The legendary Warmia (Comet x Wadera/Doktryner) created a dynasty at Michalow Stud through her El Paso-daughters Wizja and Wilejka. Wizja was US National Champion Mare during her lease to Lasma Arabians in USA and on her return to Poland she would produce the two daughters who would secure her family at Michalow - Wizjera (by Tallin) and Wiazma (by Arbil).

Wilga traces down to Wizjera through her daughter Wenessa, Wilga´s dam. Bränninge also has a mare

representing the Wiazma-branch and that is the dark brown Wieza Kahila of Sinus (Kahil Al Shaqab x Wieza Marc'a/QR Marc), bred by Sinus Arabian Stud. Wieza Kahila is expecting her first foal this year sired by Jaipur El Perseus.

Another important representative of the valuable Szweykowska-family is the stallion Wiron (Kabsztad x Wirka/Emigrant), bred by Brygida & Jerzy Chrapkowski in Poland. He traces down to Wilejka through her daughter Wilnianka (by Tallin), the 1989 Polish National Junior Champion Mare.

Wiron has been very successful in the showing and he was named 2023 Swedish National Gold Champion Stallion.

Below: Wiron (Kabsztad x Wirka)

Right: BR Wampire (Empire x Waranga)

Another dam family close to Sarah´s heart is the Milordka-family through the legendary Saga (Hardy x Jaga II/ Koheilan I). Saga left the daughters Estokada and Sakla by Amurath Sahib with Estokada creating a dynasty at Michalow and Sakla was exported to Sweden and created her own dynasty at Blommeröd. The bay great moving Sagana (Engano x Salexja/Exelsjor) was bred by Blommeröd and sold to Aspenäs Arabian Stud where she left her amazing daughters Sadza (by Rusazcie), Prosba (by Probat) and Szansa (by Rusazcie) all three of them earned the title Swedish National Champion Mare.

Bränninge have had the great fortune to have two direct daughters of Szansa in the breeding program - Splendida by Wadim (Grandorr x Warszula/Palas) and Salza by Khidar (Ansata Sinan x Elizja/Esta-Ghalil) and Bränninge has several daughters in their breeding program including BR Splendissima (Wares x Splendida), BR Splendina (Wiron x Splendida), BR Savannah (Wares x Salza), BR Saga (Wares x Salza) and the colt BR Salvation (Wiron x Salza).

Sarah and Niclas first mares were the full sisters MT Primawera and MT Panghea, who traces down to the Russian-bred mare Popona (Nazeeh x Pokaznaja/Knippel) and her daughter Puka by Mamluk (Aswan x Monogramma/Knippel). They have the stallion Jazz (Glaz x Jutrzenka/Nimbusz) in 3rd generation, a stallion that mean a lot to Sarah as she owned him for several years.

They also imported several horses from USA and among them Psychedelic Magic (Magic Dream x Psydney/Padrons Psyche) and HDC Dream Girl (Eden C x SRR Sky Dreamer/Magic Dream) both have been important in the breeding program.

It is difficult to talk about Tchaata Iniziato without talking of his sire's story.

Back in 2008, Philippe Ascaso owner of Tchaata Arabians imported from Sweden a young mare named WW Isadorah to introduce the Golden Cross bloodlines and especially El Shaklan in his breeding program. She is a daughter of the exquisite Om el Extreem and out of Ivernah, a chestnut daughter of straight Egyptian and reserve World Champion stallion Crusader.

Ivernah traces back to El Shaklan in her dam line through Maleik el Kheil as well as some great old Spanish bloodlines.

In 2009 WW Isadorah gave birth to her 1st foal, a very special colt who was named INIZIO (meaning Beginning in Italian) as he represented a new beginning for Tchaata Arabians' breeding program. Inizio's sire is the Brazilian stallion Thee Apprentice, a son of the legendary Versace and out of Legacys Diva by the US National Champion stallion Legacy of Gold. Philippe Ascaso had a few big inquiries for this colt Inizio and finally accepted to sell him to a long time friend and kept unlimited breeding rights.

The first Inizio's foal Tchaata Arabians bred was a chestnut colt out of the Russian/Golden cross related mare Avalon Just Mywenn (WH Justice

x Avalon Remember / Ekla de Gargassan) who traces back twice to the great Padron as well as Salon and Warandes Plakat. The 3 mainly used stallions in Tchaata Arabians' breeding program. This colt was so special that he was named INIZIATO (meaning Begun in Italian) as he was just a blessing. 2 words could sum up what this colt was from the minute he was born: Eyecatcher and Happy. Tchaata Iniziato is the best son of Inizio and his most successful offspring. He exhibited great qualities as a show horse; his happiness and his big heart were illuminating the ring and charmed everyone that met him. As a yearling and a junior male he won several international shows, including French national Champion, a few medals in B shows and twice 3rd of the qualifying class and Top Ten at the World Championships.

In 2022 as a senior stallion he was shown 5 times at national and international level and won 5 unanimous Gold Medal including Spanish National Champion and winner of the "Copa del Rey" trophy awarded by HRH the King of Spain. His lower score as a senior male in 2022 was 92.75 and 94.0 for the highest score at the Spanish Nationals.

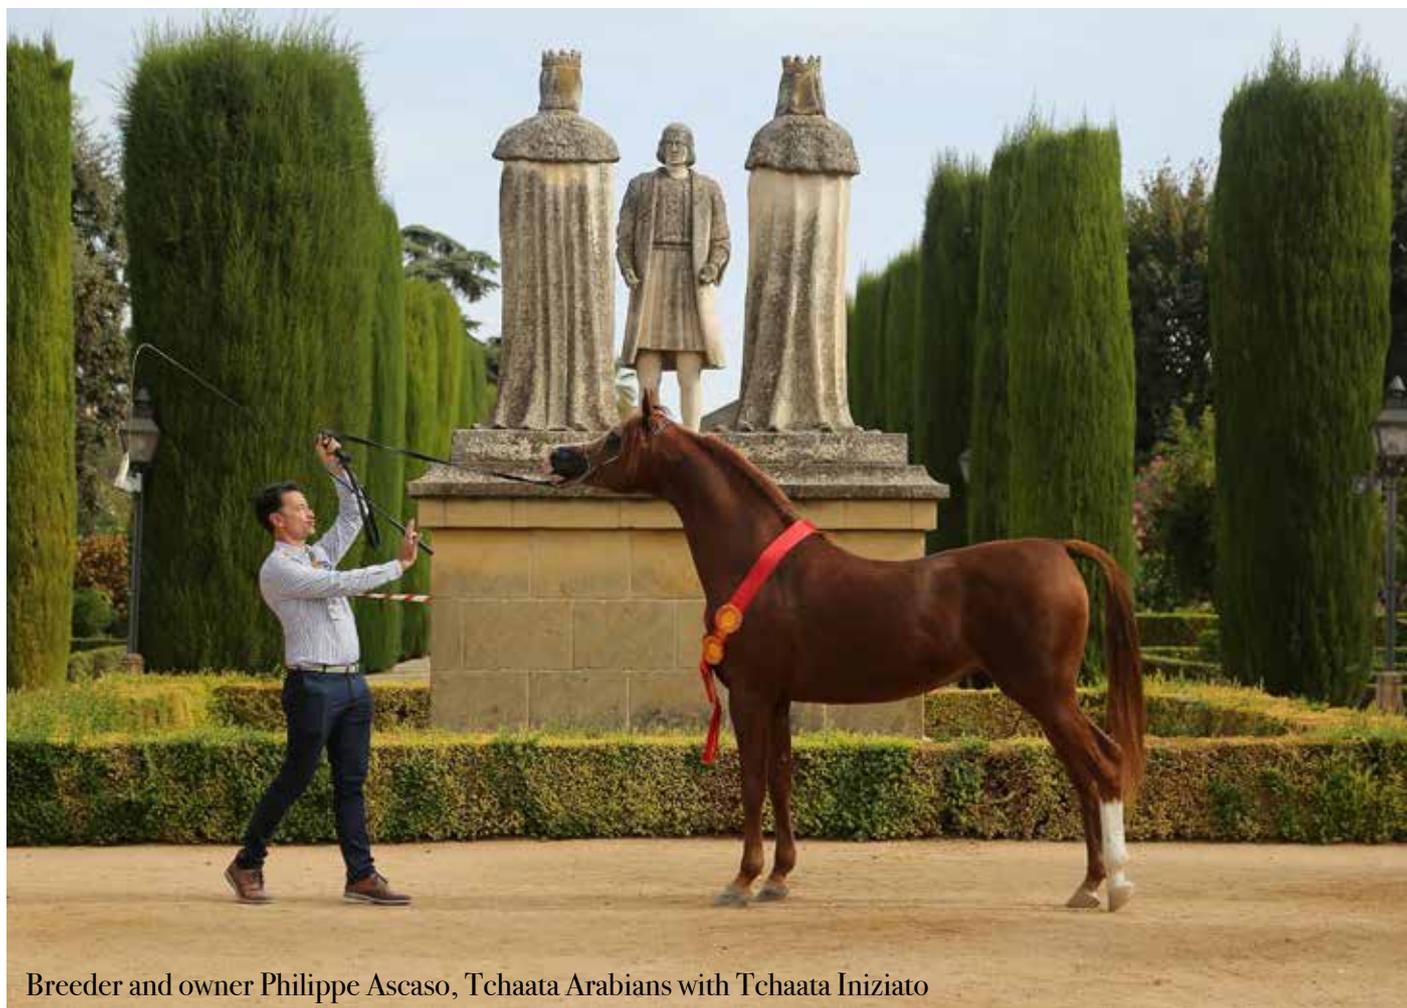

He won over 15 show titles but the most impressive is not the trophies, the most impressive is

who he is. Once you know him, you can't help it but fall in love for this generous horse, his huge eyes reflect a beautiful soul; he loves humans no matter what. He is playful, happy and so gentle! Iniziato will play a big part in Tchaata Arabians' breeding program; his 1st foal crop born in 2022 proved he can pass on his great and rare qualities such as huge eyes, short faces, great shoulder with upright neck, long strongly built legs and movement.

In 2022, Tchaata Arabians bred the 1st foal from Tchaata Iniziato, a lovely grey filly with his typical huge eyes and an amazing attitude and strong movement. Tchaata Dinizia was named Bronze Medal yearling filly Champion at the 2023 Galician International Show / Spain and Silver Medal Junior Female Champion at the A Estrada Arabian Horse Show / Spain. She will soon join her new owner in Norway. A few more offsprings of Tchaata Iniziato were successfully shown since 2023 in Spain and France, and won already 9 titles at national and international level.
